EDITORIAL

The Witten Resolution in the Virginia state senate calls for an investigation into the practice of appointing relatives of officials to places, on the public pay rolls.

The American people have grown accustomed to the "SPOILS" system where the party faithfuls are taken care of with jobs. It is accepted as the "regular order." If Roosevelt is defeated in November, we shall expect Republican post masters again here and elsewhere.

In Federal government, the merit system and the Civil Service Commission are admitted failures. A recent federal report showed less than ten per cent of a recent group of over 40,000 jobs given out were through the Civil Service. The jobs went to the members of the "P.R.B.C." (For Roosevelt before Chicago).

However, it is no longer worth one's time to speak one's objections to that far-flung evil.

But the Witten Resolution is of a different nature. It disregards the patronage practice of giving jobs to one's party follows: which by the way seems to be the only way to get or keep an office, the earlier practice of casting one's ballot by reason of conviction or principle having been SOLD OUT to the material question, of who got or can get me a job at the public trough.

The Witten resolution strikes at the "family angle" to appointments.

Now, if Mr. X is a good official, it is reasonable to suppose that Mr. X JUNIOR may also possess the qualities of a good public servant. To say that no son of a person on the public pay roll, is eligible to any sort of public job is to argue that no banker's son is elilbile to work in a bank, or that no merchant should employ his son in his life profession. That is contrary to our belief.

However, we vigorously protest against the obnoxious practice of padding and swelling the pay rolls with the kith and kin of those in possession of an office or patronage influence.

We know of many of the grossest lack of ability who have been given job after job at the patronage till solely on account of their family connection, in preference to those of actual ability and need.

AND YOU DO, TOO.

The alarming and vicious increase in the cost of government simply MUST be stopped if America is to survive as a DEMOCRACY.

And, we know of no better place to start than blotting the inefficient and pampered in—laws, brothers, sons, daughters and neices nephews and cousins off the pay rolls WE, THE PEOPLE PAY.

We are hardened to the Spoils system but we plead for death to NEPOTISM.

ABC BOARD RAIDS

The ABC Board reported that its inspectors helped Federal and local officers in 6,038 raids in which 144,860 gallons of liquor were seized last year. The board also promulgated an order banning "sales talk" on billboard liquor ads.

Deaths from automobiles in Virginia through January were over 25. A bad start for 1936.

AT THE PARAMOUNT

Beneath the glittering color, the haunting tunes, comedy and gay dance routines which adorn "King of Burlesque", the attraction at the Paramount Theatre for the remainder of the week, is a fascinating love drama which will cause you to wax enthusiasm and joy.

Presenting Warner Baxter, Alice Faye and Mona Barrie in the leading dramatic roles, this happiest of the new musical shows boasts an all cast of talented performers.

The story of "King of Burlesque" delves back stage into the life and loves of the people of the theatre. Warner Baxter is the leading personality, an impresario who has brought the technique of 14th Street burlesque to an enraptured Broadway.

At the height of his success, he deserts his two old friends, Jack Oakie and Alice Faye, to marry the aristocratic but impoverished Mona Barrie.

Through whirling, kaleidescopic backgrounds, and a series of adventures, the picture traces the gradual descent of this rajah of entertainment under the influence of his wife. Finally, cast off and deserted, he rejoins his two old friends, launches his most daring project, to meet with a startling success.

New song hits interspersed throughout the theme include: 'Lovely Lady' 'Shooting High' and 'Spreading Rhythm Around.'
